## KEY SKILLS

UI Designing, Coding, Application Designing, Wireframe & Design, Translation, Debugging, Front-end Architecture, Performance Improvement, Feature Designing, Webpage Designing, Webpage Optimization, **RESTful APIs**, **GraphQL APIs**

## PROFESSIONAL EXPERIENCE

### Frontend Engineer

Jun '22 - Present

Settl.me | Lagos, Nigeria (Remote)

*Settl.me is a fintech company that connects Customers to Merchants, manages their business transactions, and handles payments.*

- Worked in a team of 4 Front-end Engineers to build a **Lifestyle/E-commerce, Merchant portal**, and **Admin Dashboard** application for the company using **React.js, Next.js, JavaScript, TypeScript, Bootstrap**, and **Tailwind CSS**
- Built new features by Translating **designs & wireframes** into high-quality **code** and wrote application **interface code** via JavaScript and TypeScript following **React.js workflows**
- Improved **existing features** for the customer-facing web applications which improved the **average user time** on page by 2 minutes
- Created **reusable React components** that are easily maintainable, reducing the time spent on future development by 40%
- Troubleshoot **interface software** and **debugged application codes** to improve functionality and performance by 50%
- Ensured responsiveness on all applications using a **mobile-first** approach for accessibility across various device screens

### Frontend Developer

Oct '21 - Apr '22

Digiscript Tech Solutions | London, UK (Remote)

*A UI/UX Design and Development company.*

- Developed UI layouts with **HTML & Tailwind CSS** and Implemented front-end logic with **JavaScript** for clients' web applications following **React (Redux and flux)** workflow
- Created **features** to enhance the **user experience** while ensuring that the web design is **optimized for smartphones**
- Managed **brand consistency** throughout the design and maintained & improved the **company's website** by adding more features and functionality
- Implemented new responsiveness on the company website using a **mobile-first** approach which increased mobile traffic by 21%
- Built **reusable code** for future use using **React Function components** and **optimized web pages** for **2 applications** for maximum speed and scalability
- Collaborated with the designers and product team members to **implement new features** and **UI changes** based on client feedback

### Frontend Developer

Nov '20 - Oct '21

CuriosityXploring | Cross River, Nigeria (Remote)

*A software Development company.*

- Built UIs and Layouts for clients' projects with HTML, CSS (SCSS)
- Worked with the CTO to create clients' sites using React and Tailwind CSS from scratch
- Collaborated closely with other developers on projects that require multiple people to complete tasks
- Built a responsive email template that was compatible with all devices

## EDUCATION

### B. Sc. in Chemical Engineering

May '15 - Feb '20

Obafemi Awolowo University (OAU) | Ile-Ife, Nigeria
